

I have been on the Indiana state no-call list since it's initialization. I do NOT wish to be called by my credit card companies, bank(s) or for that matter, any OTHER busniess which would impose on my personal time. Please address this issue and refuse and deny the petition by these parties to be exempted from this law! Thank you for your efforts on my behalf as a United State citizen and an Indiana resident (63 years). Linda E. Russow
